

Indian Institution of Bridge Engineers (IIBE)

WEBINAR SERIES ON STEEL BRIDGES

Design | Fabrication | Erection |
Launching | Inspection & Maintenance

10-SESSION PROFESSIONAL WEBINAR SERIES
ON RAILWAY STEEL BRIDGES

DATES

18 SEPTEMBER -
20 NOVEMBER 2026

PLATFORM & TIME

ZOOM | 4:30 PM
EVERY FRIDAY

SERIES

10 EXPERT SESSIONS

ABOUT THE WEBINAR SERIES

A focused 10-session journey through the complete lifecycle of railway steel bridges - from design, camber, pre-stressing & fatigue considerations to fabrication, quality assurance, erection, launching, inspection and maintenance.

Experienced bridge professionals will elaborate concepts to bridge the gaps between concepts, codes and maintenance instructions for practical application. The series is designed to strengthen professional understanding of the practices that make railway steel bridges safe, reliable and sustainable.

CORE THEMES

Design of Railway Steel Bridges

Fabrication & Quality Assurance

Erection Methodologies

Launching Techniques

Inspection & Maintenance

REGISTRATION FEES

Students

Rs. 1,000

IIBE Members

Rs. 2,000

Non-IIBE Members

Rs. 3,000

Fees are for the complete 10-session webinar series.
